

QPCR PRODUCT NEWS

PLATR™ - SMART PIPETTING ASSISTANT

Distractions during pipetting will no longer be a problem. PlatR™ from BioSistemika® is a laboratory device that helps navigating its user when pipetting to a microtiter plate or strips.

PlatR™ runs on a Samsung Galaxy Tab 2 10.1, it is included when ordering PlatR™ and can be used as a regular tablet computer when not needed for pipetting.

Introduction offer during April 2013

PlatR™ and a Samsung Galaxy Tab 2 10.1

» **1 650 EUR**

Pipetting made easy!

With PlatR™ you design a pipetting plan with simple swipe actions and navigation by illuminating wells according to your pipetting plan will reduce pipetting errors. The device provides a hands-free operation (timer or foot switch) which ensures faster and more relaxed pipetting.

Information and Contact
