TATAA biocenter in conjunction with Lexogen would like to offer you 50% off on selected products between Nov 26th - Dec 2nd, 2018

Are you looking for the ideal method to prepare your RNA-Seq libraries from blood samples for gene expression profiling studies?

QuantSeq with the Globin Block Module will make your life much easier and save you costs while providing gene expression data of highest quality. Deplete globin RNA by just one solution exchange in the standard QuantSeq protocol and increase the sensitivity of your RNA-Seq experiments significantly! Get 50% discount on Globin Block when ordering it with the QuantSeq kit (Cat No 015 and 016) during the Lexogen Cyber Days 2018*.

Worried about index hopping and mis-assignments during sequencing of your RNA samples?

Unique dual 96 i5 x 96 i7 indices are here to help you. As a standard, the QuantSeq kits already come with complimentary i7 indices. Additionally, you can get a 50% discount on the i5 Unique Dual Indexing Add-on Kit for QuantSeq/SENSE (5001-5096) if you order a QuantSeq kit (Cat No

015 and 016) during the Lexogen Cyber Days 2018.*

**The offer is only valid in combination with QuantSeq orders in the period of November 26th - December 2nd, 2018. You can claim your discount till December 31st, 2018. Every customer can apply for only one Globin Block Module discount or for one i5 Unique Dual Indexing Add-on Kit for QuantSeq/SENSE (5001-5096). This offer cannot be combined with any other TATAA Biocenter offer.*

qPCR & Digital PCR @ 4BIO

THE EUROPEAN SUMMIT FEATURING TRACKS ON QPCR, DPCR/NGS, MICROFLUIDICS AND GENE EDITING

WHEN
27th-28th Nov 2018
Registration from 8 am

WHERE
Rotterdam, Netherlands
Postillion Convention Centre WTC
Rotterdam

Flags of South Korea, Japan, and China are visible in the top right corner of the banner.

4Bio Summit, 27-28th Nov, Rotterdam

It is soon time for The 4Bio Summit in Rotterdam and we hope you have opportunity to join Dr Mikael Kubista's talk on the "[Two-tailed PCR](#)" Technology that TATAA Biocenter has proudly developed.

It is still not too late to sign up for Filip Stern's workshop at The 4Bio summit. TATAA's NGS expert will be hosting a post-conference workshop on NGS library construction and quality control. Click on the button below to register.
