

**Department of Laboratory Medicine  
Div. of Clinical Chemistry**

## **Seminar on Monday, November 11 at 10.30 am**

**Professor Mikael Kubista, TATAA Biocenter,  
Göteborg**

**”Taking expression profiling to new dimensions  
– from single cell multianalyte profiling to high  
throughput protein profiling”**

**Conference room, C174, Clinical Chemistry Lab.  
Karolinska University Hospital, Huddinge**

Host: Gösta Eggertsen

Founded in 2001 by pioneers in qPCR, TATAA Biocenter is Europe's leading provider of gene expression profiling services and a prime organizer of hands-on training in quantitative real-time PCR (qPCR). Our offer comprises the entire field of qPCR services, including commissioned services and research projects, hands-on training and highest quality products.
